

Sustainability

Summary Statistics

2020 Sustainability summary statistics

The content of this Sustainability Summary Statistics sheet was informed by issues considered likely to have material impacts on Inter Pipeline's financial or operating performance, as identified by the Sustainability Accounting Standards Board (SASB), as well as other internationally recognized frameworks, including the Global Reporting Initiative's (GRI) Sustainability Reporting Standards and the Task Force on Climate-related Financial Disclosures (TCFD). The information included here has been subjected to Inter Pipeline's Disclosure Policy and process. Financial information sourced from Inter Pipeline's audited financial statements and greenhouse gas (GHG) emissions information has been subject to a third-party audit verification processes, in accordance with ISO 14064-3. Note: We are reporting on data relating to our Canadian Operations.

We publish a full sustainability report biennially and the next will be issued in the fall of 2021.

To view our 2019 report visit www.interpipeline.com

Note: The data contained in this document is accurate at the time of print, and may be subject to review and restatement.

Environment

Environmental protection and enhancements are integrated in our business model

Environment	Measurement	2017	2018	2019
Greenhouse gas emissions scope 1 & 2				
Total direct GHG emissions (scope 1)	tCO ₂ e	466,567	532,200	526,898
Total location-based indirect GHG emissions (scope 2)	tCO ₂ e	593,276	547,278	445,173
Pipelines GHG emissions intensity (throughput)	kg/CO ₂ e/bbl	0.65	0.61	0.48
NGL processing GHG emissions intensity (processed)	kg/CO ₂ e/bbl	22.72	22.61	20.33
Prevention of GHG emissions due to offgas operations	tCO ₂ e	311,002	335,574	271,820
Total NOx emissions	tCO ₂ e	2,720	1,396	1,199
Other air emissions identified in relevant regulations	tCO ₂ e	1,813.0	6,326.6	1,616.4
Energy consumption				
Total fuel	MWh	1,999,920	2,585,601	2,532,271
Total electricity	MWh	761,075	729,805	712,315
Total steam	MWh	0	0	0
Total heat	MWh	0	0	0
Water and waste				
Surface water consumption	m ³	547,917	583,923	710,107
Recycled water	m ³	2,739,587	2,859,820	3,035,705
Groundwater consumption	m ³	N/A	132,350	700
Liquid waste	m ³	9,346	8,439	9,918
Solid waste	tonnes	3,480	4,504	1,032
Reportable events				
Air emissions	Count	1	5	1
Air emissions - volume	m ³	454	24,879	1
Flaring	Count	2	3	2
Flaring - volume	m ³	452,000	56,000	701
Liquid	Count	2	2	8
Liquid - volume	m ³	180	19	1,250
Environmental compliance				
Significant fines and non-monetary sanctions for non-compliance with environmental regulations	Count	0	0	1

Safety & People

Safety is our **number one priority**

Safety	Measurement	2017	2018	2019
Occupational health and safety performance				
Lost time injuries	Count	0	0	0
Medical aid injuries	Count	3	0	2
First aid injuries	Count	5	4	7
Injury frequency rate	Incidents/ 200,000 hours	0.49	0.29	0.39
	Preventable vehicle accidents/ million km driven	1.77	1.36	0.26

Our People	Measurement	2017	2018	2019
Workplace practices				
Total employees	Count	751	857	1,026
Total male employees	Count	546	605	717
Total female employees	Count	205	252	309
Total new hires	Count	91	165	239
Rate of new hires	%	12	19	23
Total male new hires	Count	60	107	166
Total female new hires	Count	31	58	73
Total employee turnover	Count	41	97	77
Rate of employee turnover	%	6	11	8
Percentage of employees with performance reviews	%	80	76	85
Local communities				
Contributions to community initiatives	\$ Million CAD	2.8	2.9	3.4
Logged employee volunteer hours	Count	2,236	2,992	3,856
Investment per employee	\$/employee CDN	3,698	3,488	3,295
Mandatory training (operations safety sensitive roles)	hours/yr	55	60	68

Economy

Managing sustainability contributes to
long-term financial stability

Economy	Measurement	2017	2018	2019
Economic performance				
Revenue	\$ Million CAD	2,039.5	2,390.3	2,241.1
Adjusted EBITDA	\$ Million CAD	1,057.2	1,184.3	947.1
Funds from operations	\$ Million CAD	893.0	1,022.8	757.9
Net income	\$ Million CAD	486.5	584.8	532.5
Cash dividends	\$ Million CAD	609.9	655.4	706.4
Capital spend	\$ Million CAD	329.3	910.8	1,524.1
Total income tax expense	\$ Million CAD	182.2	215.6	-10.5
Property taxes	\$ Million CAD	44.9	43.8	44.0
Employee costs	\$ Million CAD	144.2	137.9	167.4
Direct economic value generated	\$ Million CAD	2,039.5	2,390.3	2,241.1
Direct economic value retained	\$ Million CAD	269.0	345.5	0.0

Governance

We strive to integrate sustainability
into our governance and corporate strategy

Governance	Measurement	2017	2018	2019
Size of Board of Directors	Count	9	10	10
Executive Directors	Count	1	1	1
Independent Directors	Count	7	9	9
Women on Inter Pipeline Board	%	22	30	30
Separate Chair and CEO		yes	yes	yes
Average Board Meeting Attendance	%	99	98	98
Majority Voting Policy		yes	yes	yes
Say on pay approval vote	%	97	94	93
Code of Business Ethics		yes	yes	yes
Board orientation and education program		yes	yes	yes
Whistleblower Complaints	Count	4	14	18
